DETAILED ACTION

1. Office Action in response to the amendment filed 10/29/2007. Claims 9 and 19-20 have been cancelled, claim 21 added. Currently claims 1-8, 10-18 and 21 are pending.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 1-8, 10-18, and 21 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Re claim 1 recites "**product sales information provider** that provides sales information regarding a product relating to the education"; Claim 11 recites "**providing sales information regarding a product relating to the education**"; Claim 21 recites "**a sales information apparatus** to receive information..." The examiner failed to find any support in the specification of the application of the cited limitations from claims 1, 11 and 21. Claims 2-8, 10, 12-18 are dependent upon claims 1 and 11 and are also rejected on the basis of their dependency.

Response to Arguments

4. Applicant's arguments with respect to claims 1-8, 10-18, and 21 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
